Workforce Info

Mountain Village

Mountain Village is a second class city located on the north bank of the Yukon River, about 20 miles west of St. Mary's. Mountain Village is part of the Wade Hampton Census Area.

- ♦ The estimated population for 2008 was 765, a gain of about 10 since the 2000 Census.
- ♦ About 70 percent of the resident population 16+ years old worked in 2008.
- ♦ Local Government was the main industry in 2008, employing 57 percent of the area's workers.
- ♦ More workers were employed as Construction Laborers than any other occupation.

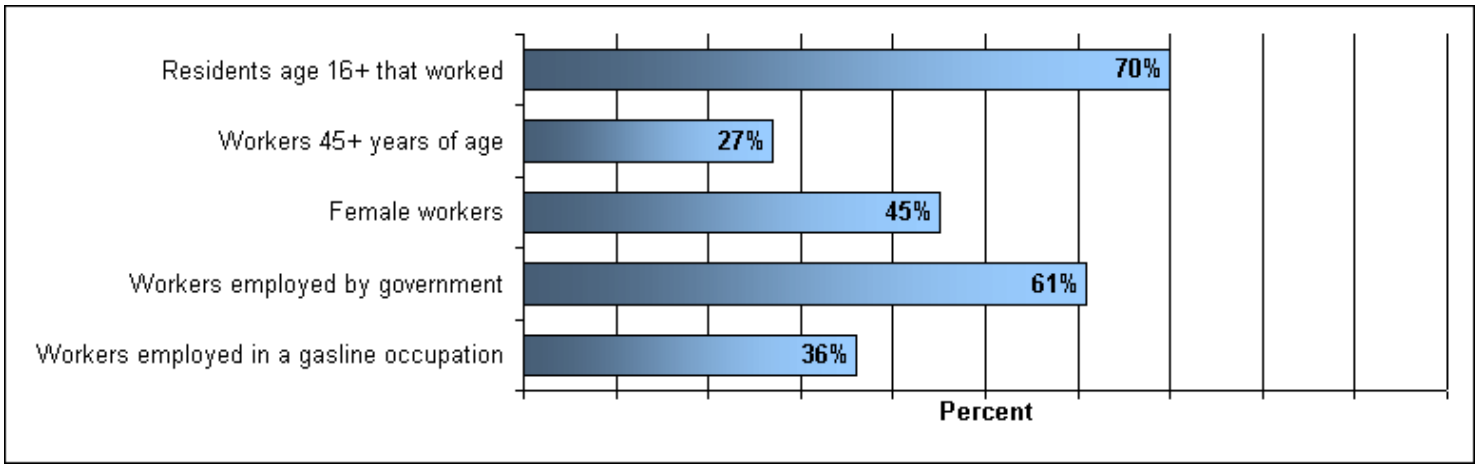

Please note: There is an important distinction between the local/regional employment data and our "standard" employment series. Most of these data reflect totals for area residents only. Total worker counts may be lower than expected in areas with a large number of nonresident workers. The Alaska Permanent Fund dividend file is used to determine the worker's geographic residence. Only Alaska residents (as defined by PFD application) are included in these totals. Also note that federal employees, the military, and the self-employed are not included in these data.
